About Qualtrics

Qualtrics is a survey tool that's powerful and flexible enough for advanced research and data collection, but easy to learn and use.

Features

- 100+ question types, survey templates
- Embed data, video, audio, and graphics
- Deploy by e-mail, social media, smart phone
- Export data to CVS, Word, Excel, PDF & more
- Skip logic, randomization, and branching capabilities

How Can I Use Qualtrics?

- [Access hard to reach survey participants](#)
- [Expand research demographics](#)
- [Measure difficult to capture variables](#)
- [Track academic programs and contracts](#)
- [Create a single survey with multiple experimental conditions](#)

Get Started

Important: Qualtrics access is not available directly through the Qualtrics website.

1. Visit <http://upenn.qualtrics.com> and login with your PennKey user name and password.
2. Click on the green "Create Project" button in the upper right to start a new survey.
